

Digital Literacy

SLQ Wiki Fabrication Lab 2024/04/30 05:02

Digital Literacy

[Binbee kurri](#), and welcome to the State Library Digital Literacy wiki. Here you will find resources created by State Library and other Queensland Libraries available for sharing in your library, school or organisation. To find out more on these initiatives, visit the [Digital Literacy Resources page on PLConnect](#).

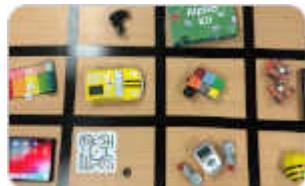

[Subscribe](#) to our STEAM lyris list to keep up to date with the latest information around STEAM and Digital Literacy activities across Queensland.

Editing and Creating Content

Inclusive Communities welcomes libraries within the Queensland library network to share content on this wiki, from activities to technology resources.

If you have content, or variations of activities you would like to share, visit the [Adding Content](#) page to learn how.

Planning

[Technology Matrix](#) - A matrix of technologies located on this wiki for libraries to know what technology that should purchase now and into the future based on patrons growth

State Library Programs

[Deadly Digital Communities](#), community-based digital literacy and technology training over two years to 26 remote and regional Aboriginal and Torres Strait Islander communities in Queensland.

In partnership with the Australian Library and Information Association and the Australian Digital Health Agency, [My Health Record - Consumer health information in libraries](#) is a train the trainer program to help build the confidence and knowledge of public library and IKC staff to support clients to access the My Health Record online portal.

Previous

[Be Connected Digital Mentor training](#) is a train the trainer program up-skilling library staff across the state to be Digital Mentors, enabling them to confidently deliver Be Connected training sessions and other digital literacy initiatives to their communities.

[Queensland Minecraft](#) is researching the history and mapping structures within communities and constructing them in the 3D world of Minecraft.

[Tech Savvy Seniors Queensland](#) is providing seniors with the opportunity to participate in free digital technology training sessions that will develop their skills and confidence to use technology.

[Tech Savvy Regional Queensland](#) was a program that provides grant funding to Regional Councils to deliver digital inclusive programming through their library services that will provide opportunities for their respective community to embrace digital technology.

[MessageBot](#) was a project to engage Aboriginal and Torres Strait Islanders within your community to build their digital skills through programming cultural content using technology that travels and shares messages between communities.

[Skilling our Future](#) was a partnership between [RDA DDSW](#) and State Library, delivering digital inclusion programming through public libraries in the Darling Downs and South West region to engage with coding and robotics.
