~~REVEAL~~

Prusa I3 Mk 3 - 3D Printers

The Edge Fabrication Lab currently has four Prusa I3 Mk 3 available to be booked for free public use.

Requirements

- Complete induction and relevant paperwork.
- Make a booking via https://slqpub.libcal.com/booking/3Dprint

Booking Session Length

Maximum of two bookings per week, for up to 6 hours during opening periods

Maximum Number of Participants

Cancellations

- Customers can manage own bookings on website.
- Email and phone cancellations should be passed on to Fabrication Lab Supervisor

Late arrival

- If customer is late for a booked session we ask them to let us know when they will be arriving.
- If we do not hear within 30 mins of the start time, their booking may be cancelled to allow others to use the resource.

How flexible are we willing to be?

- Advance bookings are restricted to 1 machine. to make sure everyone has the opportunity to access the resources.
- Fabrication Lab Supervisor is empowered to make a second printer available to customers if the space is not in high demand.

Got a longer print or want more access?

- Customers seeking to print models that will not be complete inside their booking (or before closing of the space) need to speak to the Fab Lab Supervisor before commencing their job. You may be able to arrange for staff to pause and restart your job in the morning.

- Customers seeking to use the 3D printers for more than the listed maximum weekly booking limits can apply to appliedcreativity@slq.qld.gov.au to seek extended access.
- Applications for extended access should be submitted in writing 14 days in advance of first booking.

Want to Use Your own Materials?

Customers will only use filament purchased/ supplied by The Edge. Requests to use other filaments need to be submitted 14 days in advance and can be sent to Applied.creativity@slq.qld.gov.au. You may be asked to provide a sample of material for testing purposes prior to approval.
