Fabrication Lab

The Edge Fabrication Lab is a creative space with a host of resources for you to bring your creative visions to life. It is an open access community makerspace with equipment and tools available to anyone with a creative idea. If you have a hobby, project, assignment or an idea for a business that requires a laser cutter, soldering station, 3D printer, sewing machine or CNC Router, The Edge's Fabrication Lab can help. You just have to be over 16, wear covered footwear and have completed the relevant safety induction.
